

Kedron United Church - Strategic Plan

2026

**Deep • Bold • Daring
Toward 2035**

Introducing Toward 2035

A Conversation for Communities of Faith

July 3, 2026

The United Church of Canada invites (ASKS) all congregations to create a plan to ensure their community is resilient in 2035 and beyond. [Read more](#), here.

A Strategic Plan was created based on the information learned at the retreat.

Strategic Directions

1. Grow Sustainable Leadership and Congregational Capacity

Ensure long-term sustainability through leadership development within the current congregation, ongoing invitation to guests, and growth through community outreach, engagements, and social media.

2. Deepen Spiritual Growth and Faith Formation

Enhance opportunities for individuals and groups to grow in faith through diverse, meaningful, and accessible spiritual practices.

Strategic Directions

3. Foster an Inclusive, Connected, and Caring Community

Build on Kedron's welcoming identity to strengthen belonging, inclusion, and engagement.

4. Strengthen Outreach, Justice, and Community Impact

Respond to community needs through intentional outreach, partnerships, and justice initiatives.

One of the most important ways to ensure we are resilient and ready for 2035 is to grow sustainable leadership and congregational capacity.

Our first initiatives to help us grow are:

1. an updated website
2. the services of an expert to teach us about marketing and communication strategies.

HOPEFUL. ACCEPTING. SPIRIT-FILLED.

Kedron United Church

A community church serving the spiritual needs of North Oshawa. We warmly welcome all people to join us. Regular church services are held at 10:00 am every Sunday morning. We have a fun and energetic Sunday school class that begins their Sunday as part of the normal church service.

And we are supporting our community and celebrating our diversity, too!
